March 16, 2020

Dear State of Nevada Licensees and employees:

Governor Sisolak's directive has left the decision of modifying business operations to minimize the potential exposure of COVID-19 up to the Directors of each individual agency. As such, Executive Director Ingram has determined the Private Investigators Licensing Board's mission is to protect the public safety and general welfare of the people of Nevada therefore we will remain open to process applications, answer telephone calls and respond to emails. However, our offices will be closed to all walk-in traffic effective Monday March 16, 2020.

There are a lot of unknowns right now, but below is information on how to handle certain situations related to our agency:

Work Card Applications

We will still be processing work card applications. We encourage all individuals to apply and pay online then visit a fingerprint company to complete the application. Some fingerprint companies have modified their hours and have closed during this time, so attached is an updated list of fingerprint locations. Please note the hours and operation are at the discretion of the fingerprint companies, therefore please call them before going to be printed. Once printed those forms can be emailed to pilbinfo@pilb.nv.gov or faxed in (702) 486-3009.

March 17th and 18th Scheduled Meetings

Due to the health, safety and well-being of Nevada's citizens and state employees we have canceled our March 17th Board meeting and our March 18th Public workshop. If you were listed on the agenda, you should have been contacted by one of our office staff. Rescheduling of these events has not been determined at this time. Please visit our website for additional information and updates as it becomes available.

Firearms Initial Course and Requalification

With the halt of walk-in traffic, we are asking all Certified Firearm Instructors to mail us the VEAS and roster information. To account for USPS delays please notify all students it will take approximately 10-14 days from when you place the items in the mail for us to update our system. All firearms information will be updated in the order in which is it received. Please do not contact our office for special requests or accommodations.

Reprinting a Work Card

If someone needs a card to be reprinted, please have them mail their request to our Las Vegas office. Please ensure they include a \$25 money order, a current address where to mail the card to, their full name and their date of birth. Once received we will mail the person a copy of their card.

April 1st Licensee Exam

The April 1st exam has been canceled for those expected to attend the June 2020 Board meeting. If you were scheduled to take the exam that day, PILB staff should have contacted you notifying you of the cancellation. Rescheduling of this event has not been determined at this time.

Contact Us

Please have staff contact us (by email or phone) if they have questions regarding the status of a submitted application, if they need us to resend their provisional or have questions regarding applying online. Currently regular processing is taking 2 weeks and expedite is 2 to 3 days. We are only able to make someone provisional if we have a completed application, which includes the fingerprints, photo and two forms of ID.

As new guidance continues to come from the Governor's Office, we will continue to communicate that information to our licensees. We commit to keeping our licensees informed as this evolves and as we have more answers. We appreciate everyone's cooperation and please stay safe.

Sincerely,

Lori Irizarry
Chief of Operations

Fingerprinting Companies

PILB must receive payment before fingerprints can be taken
